

## **Red Deer Crane Training Schools**

Red Deer Crane Training Schools - Our different Mobile Crane Operation programs are intended for skilled operators who require re-certification or certification, and for inexperienced people who are searching for their first job as a crane operator. Business demand for certified crane operators is high throughout the nation. Positions for crane operators are high due to their high rates of pay. Crane operators are amongst the highest paid of whichever operator of heavy equipment.

Our Crane Training Schools feature instruction and training for different mobile cranes. Course content comprises Wire Rope, Crane Set-up, Load Dynamics, Lift Planning, Signaling, Load Charts and Rigging.

The Crane Training School program is best for operators, riggers and supervisors. Course materials consist of an informative and manual hand-outs. The safety guidebook that is illustrated consists of one hundred to two hundred fifty pages, depending on the course, of important and useful material. Course materials comprise load exercises and load charts for the crane with which the trainee is working.

Over half of the course includes Hands-On Safety Training. Practical training is useful for increasing and developing personnel skills levels. Just experienced journeyman crane instructors are chosen to teach the courses. Our instructors have numerous years of industry experience.

For all the course we offer, we could include optional testing mechanisms to customize your training. A skills test is generally administered for programs which consist of H.O.S.T. People training will be graded and tested.

We provide certified training programs for the following cranes: Lattice Boom/Crawler Cranes; Fixed and Swing Cab Mobile Hydraulic Cranes; Rigging / Signalperson Training and Certification; Articulated Boom / Knuckleboom Cranes; In-The Seat Training and Testing & Certification.
